May God sanctify this little token of our est em to such everlasting good, is our humble prayer. Again le us assure you of our lasting regards and

They need no recommendation, since they have so fully established their e ficiency through the thousands who have been brought from death's door to renewed health by the use of their wonderful medicinal waters. Since lest summer the Chaly beate Spring, which was opened last year, has been thoroughly analyzed by Professor M. B. Harden, of the V. M. I., of Virginia, and by comparison shows it to be Professor M. B. Harden, of the V. M. I., of Virginia, and by comparison shows it to be fully as strong as "Bawley" of carbonate of iron, having a small quantity more than one and a small quantity less than the other two springs. So in addition to the water that has made these springs so famous, the proprietor takes pleasure in announcing that he can furnish those who may need to drink either separately or in connection with the more celearately or in connection with the more cele brated waters of these springs a pure carbon
